## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1-33 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Durbin (US # 6,360,186 B1).

3. Claims 1-5 and 8 are rejected under 35 U.S.C. 102(b) as being anticipated by Schrag et al (US # 4,742,880). See column 4, lines 30-67; and, 14, lines 32-61.

4. Claims 1 and 3-33 are rejected under 35 U.S.C. 102(b) as being anticipated by Dorge et al (US # 6,378,276 B1). See column 4, lines 1-50. The intended use statement that the device is adapted to be used to bale "recyclable material" selected from a group of processed industrially manufactured materials (cardboard, paper, etc.) does not seem to be limiting in a patentable sense in an apparatus claim since it does not imply a structural difference (besides, hay can be recycled). If a prior art structure is

capable of performing the intended use as recited in the preamble, then it meets the claim. See, e.g., *In re Schreiber*, 128 F.3d 1473, 1477, 44 USPQ2d 1429, 1431 (Fed. Cir. 1997).

5. Claims 1-3, 4, 5, 8, 27, 30, and 33 are rejected under 35 U.S.C. 102(b) as being anticipated by Pritchard (US # 5,384,436). See column 5, line 1-56.
